

RANGE ETIQUETTE / RULES

Etiquette at the Storm Mountain Archery Center

Proper range etiquette shows respect for fellow archers at the range and to the archery club. This helps to ensure everyone has a safe and enjoyable experience at the range.

- Always keep your arrows pointed down range.
- Shoot only from the designated shooting line when shooting inside the indoor range.
- Give your fellow shooters plenty of space, and never cross into their shooting lane with your body or equipment.
- Shoot as a group while shooting in the indoor range and pay attention to what's going on around you, especially when leaving or entering the shooting line.
- Proper etiquette is to shoot only 3 arrows per end while shooting indoors. Shoot as a group and retrieve your arrows as a group.
- Once you've shot all your arrows, step back from the shooting line, place your bow on the rack and wait until all archers are ready to retrieve their arrows as a group.
- If you are delayed shooting your end of 3 or 6, do not hold up others on the line. The maximum time for 3 arrows is 2 minutes, and for 6 arrows is 4 minutes.
- The last archer to finish their "end" should then ask "CLEAR?" and wait for a response before anyone walks downrange to retrieve their arrows.
- If you hear someone ask "Clear?" take a look around at other archers. If everyone is done shooting, respond "Clear" and move down range to retrieve arrows.
- When pulling arrows, make sure no one is standing behind you.
- Be respectful and supportive of fellow archers.
- Ask permission before touching the equipment of other archers.
- Volunteer for club chores such as range and target maintenance, supporting planning and delivery of club shoots, etc. This will help make a stronger, more social and friendly club.

NOTE: THE ARCHERY CENTER IS UNDER 24HR VIDEO SURVEILLANCE. ANY MISCONDUCT WILL BE PENALIZED TO THE FULLEST EXTENT OF THE LAW AND MEMBERSHIP WILL BE TERMINATED IMMEDIATELY WITHOUT PREJUDICE OR REFUND
